Transform your sleep with TEMPUR®

At TEMPUR®, we're devoted to giving you the best possible night's sleep. Our pioneering designs use NASA technology to create mattresses that are supportive and comfortable, night after night. Whether you prefer a soft, firm or medium feel you can rest easy knowing that choosing TEMPUR® means choosing a peaceful night's sleep.

Comfort conceived in space

When NASA developed a material in the 1970s to cushion astronauts during lift-off, we realised how effective these qualities would be in a mattress. By distributing pressure evenly, it welcomes the body into a naturally comfortable position. This material continues to lie at the core of all of our mattresses and pillows today, we're still the only mattress company recognised by NASA and certified by the Space Foundation.

TEMPUR® has an interconnected viscoelastic cell structure

Unrivalled comfort

TEMPUR® Material conforms to the shape of your body, absorbing motion and relieving pressure in all the right places.

Sleep Technology™ by TEMPUR®

The best night's sleep by design

Our sleep experts have spent years perfecting our signature TEMPUR® Material for both mattresses and pillows.

AUTHENTIC
TEMPUR® MATERIAL

Ranging from soft, medium to firm, there's a style of mattress to suit everyone, along with a selection of TEMPUR® pillows designed to complement your mattress choice.

No Turning

Because we can guarantee your mattress will retain its shape, there is no need for you to turn or flip it like other mattresses.

QuickRefresh™ Cover

With a zip-off cover that's machine washable up to 60°, caring for your TEMPUR® mattress couldn't be easier. A spare cover is available for our Elite and Luxe models too.

10 Year Guarantee

We promise your mattress will retain at least 95% of its height and remain smooth and bump-free for at least a decade. You can expect outstanding performance, night after night, year after year.

Our TEMPUR® pillow range consists of Ergonomic and Classic Pillows. They give the TEMPUR® full body support experience when used in conjunction with the TEMPUR® mattress and range from a soft to a firm feel.

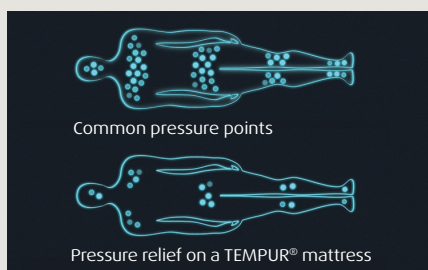

Washable cover

All TEMPUR® pillow covers are removable and washable up to 60°.

3 year guarantee

All TEMPUR® pillows come with a 3 year guarantee.

Minimum pressure. Maximum comfort.

TEMPUR® Material is engineered with an open cell structure that absorbs and evenly distributes the weight of your body to maximise comfort.

Personalised body support

Whichever position you prefer to sleep in, a TEMPUR® mattress adapts to suit you. It softens, compresses and conforms to your shape and weight.

Outstanding motion absorption

Drop a weighted ball on to standard memory foam and it can rebound up to 20%. With TEMPUR® Material, it has a rebound of less than 3%. By absorbing motion, TEMPUR® Material means you and your partner are less likely to disturb each other when you move around.

TEMPUR® Cloud For a soft feel

Balancing softness and support, the specially developed TEMPUR® Extra Soft material generously cushions, while the TEMPUR® Support material beneath provides long-lasting firmness.

TEMPUR® Original For a medium feel

Enjoy the benefits of TEMPUR® Material with body-conforming comfort, outstanding support, and pressure relieving properties that can reduce tossing and turning at night.

Find the mattress to suit you

We've created four mattress collections. Each one offering a unique type of comfort, that adapts to the exact shape of your body in its own way.

Our four collections showcase what we are known for around the world: sleep technology based on the original TEMPUR® Viscoelastic Material.

TEMPUR® Hybrid For a medium feel with springs

Our most innovative design yet. TEMPUR® Material relieves pressure points while layers of Precision™ micro coils conform and react to your body's movement.

TEMPUR® Sensation For a firm feel

TEMPUR® Material on top conforms to your body to relieve pressure points, while Dynamic Support Technology guarantees ease of movement and full body support.

Ottomans

TEMPUR® Ottoman Beds are ideal when storage is at a premium. Just lift the top to reveal a convenient space for keeping bed linen and other items stored away out of sight.

Bedsteads

Ranging from luxurious traditional designs to elegant contemporary styles, there's a TEMPUR® Bedstead to suit all tastes.

Adjustables & Divans

Choose from a Divan or an Adjustable bed base. A range of bases upholstered in classic plain or contemporary style fabrics. With TEMPUR® Adjustable Beds you can automatically select your perfect position for sleeping, watching TV, reading and relaxing. At the touch of a button, you can adjust your head, legs or both at the same time. There is also a massage system to help soothe any aches and pains.

Like our mattresses, all of our beds come with a 10 year frame guarantee to give you many years of trouble-free, comfortable sleep.

The TEMPUR® Bed Collection

We make your bed so your bed makes you.

The beds in our range of attractive frames provide a great night's sleep, with a choice of colours and styles so you can choose the perfect look for your bedroom. The TEMPUR® Bed Collection consists of three different types of beds: ottomons, divans and adjustables, in all UK standard sizes.

Bed base heights shown in this brochure are from the floor to the top of the bed base. Adjustable bed maximum weight: 115 kg (23 stone) per mechanism. Ottoman maximum storage weight capacity: approximately 20 kg (3 stone). Ottoman bed maximum lifting weight, 48.86kg for Double, 56.64kg for King, 67.71kg for Super King, any mattress that is over this weight limit will void the guarantee on the base.
